

TENANTS' UNION OF TASMANIA QUESTIONNAIRE

Do you commit to building more public housing properties during the next term of Government? If so, how many?	Yes! I have long called for increased supply of affordable rental housing and better maintenance of public housing. I have been begging the Government for 3 years to address this issue and only now do they see it as a problem. How many? As many as humanly possible!
Will you commit to repealing no reason end of lease evictions?	I would need to see the proposed legislation to evaluate.
Will you introduce rent control measures?	No, but I want to see the Government build many more social and affordable housing to remove pressure on private rentals and rents.
Will you provide stronger protections to victims of family violence?	Yes absolutely!
Will you support amendments to the Act to allow for standard residential lease agreements and standard forms including a standard application form?	Yes
Do you support amending the Act to allow pets in rentals unless there is a good reason for their exclusion?	I am very torn on this one because I too have pets I love but mine have ruined my carpet and this will be costly to replace so given the private rental is someone's personal investment I think they should get to choose. I know a lot of private renters do allow pets.
Will you support stronger regulation of the short-term accommodation sector in Tasmania, returning investment properties to the long-term private rental market?	Yes
Do you support increased funding for services providing tenancy advocacy?	Yes
